**This is a survey of your moral views. Please read the questions and instructions carefully. The instructions below are given in capital letters and are underlined.**

**1)**

Do you think that generally it is morally wrong or not wrong to divorce? If you have difficulty in deciding, please circle the answer that indicates the position you most agree with.

a) Yes, it is morally wrong (**GO TO QUESTION 2**)

b) No, it is not morally wrong (**GO TO QUESTION 3**)

**2)**

If you think any of the following are exceptions to divorce being wrong, please circle all that apply:

c) Mental abuse of a spouse

d) Other: \_\_\_\_\_

Following is a list of statements that people sometimes make in order to explain why divorce is morally wrong. Please read all of these statements carefully, then circle the statements that you think are true and the most important. You must circle at least one statement, but you may not circle more than four statements.

a) Divorce is morally wrong because it is very emotionally damaging to the husband and wife, for example, they may lose their ability to trust others.

b) Divorce is morally wrong because it hampers your relationship with God, you can no longer expect all of his blessings.

c) Divorce is morally wrong because it is harmful to children and to families, and this leads to societal problems related to crime, welfare, and so forth.

d) Divorce is morally wrong because it is very emotionally damaging to the children, for example, they often feel abandoned.

e) Divorce is morally wrong because it causes economic hardship on one or both of the divorcees.

Following is a list of statements that people sometimes make in order to explain why divorce is not morally wrong. Please read all of these statements carefully, then circle the statements that you think are true and the most important. You must circle at least one statement, but you may not circle more than four statements.

a) Divorce is not morally wrong because if parents are forced to stay together, they will be poor role models to their children.

b) Divorce is not morally wrong because to stay in an unhappy marriage is destructive to the husband and wife, their emotional well-being and sense of self-worth.

c) Divorce is not morally wrong because while the Bible says to avoid divorce if possible, it does not state that two people must stay together under all circumstances. So if two people are incompatible, divorce is justified.

d) Divorce is not morally wrong because the husband and wife have the right to make their own decision.

e) Divorce is not morally wrong because it is not wrong in the eyes of God.

f) Divorce is not morally wrong because it is better for the children not to see their parents being unhappy together.

Following is a list of statements that people sometimes make in order to explain why suicide in the case of terminal illness is morally wrong. Please read all of these statements carefully, then circle the statements that you think are true and the most important. You must circle at least one statement, but you may not circle more than four statements.

a) Suicide in the case of terminal illness is morally wrong because even a person who is ill may still experience some happiness.

c) Suicide in the case of terminal illness is morally wrong because the Bible says that, "Thou shalt not kill" which includes not killing oneself.

d) Suicide in the case of terminal illness is morally wrong because contrary to expectations you might suddenly get better, and if you commit suicide, you will miss out on the rest of your life.

e) Suicide in the case of terminal illness is morally wrong because it cheapens life, and once society goes down that path there is no knowing where it will end in terms of whose lives will be dispensable.

f) Suicide in the case of terminal illness is morally wrong because even when we are ill God still has a purpose for us.
